

### Overview

OpenEMIS Scanner is a free mobile application for iOS and Android that facilitates the collection of QR and barcode data. OpenEMIS Scanner is a generic mobile app for scanning barcodes together with a date, time and location using the inbuilt GPS. The data captured using OpenEMIS Scanner can then be uploaded to other OpenEMIS products such as OpenEMIS Logistics or exported in standard output formats and uploaded into other systems.

### Benefits

- ✓ Uses inbuilt GPS feature to record location
- ✓ Uses inbuilt camera to scan all standard QR and barcode data
- ✓ Can be used anywhere as it does not require internet access
- ✓ Download and use for free
- ✓ Use on a phone or tablet
- ✓ Reduce the need for paper records

### Features

- ✓ Scan all standard QR and barcodes
- ✓ Search and sort data by code or date
- ✓ Configure server settings
- ✓ Works in multiple languages
- ✓ Works offline without internet
- ✓ Upload data to OpenEMIS Logistics
- ✓ Export data in standard formats

### Requirements

- ✓ Android - 4.0 or greater
- ✓ iOS - 4.3 or greater
